

Biodex Echo Pro™ Echocardiography Table

The Echo Pro has been re-engineered with the sonographer in mind. The new ergonomic design provides a barrier-free imaging experience. The result is less sonographer injury and better quality images.

Redesigned features make it easier for the sonographer to access the patient from all sides. The new cardiac scanning cushion now drops down and releases from either side of the table with nothing protruding. The sonographer has open access to the left thorax area for an unobstructed apical approach. New side rails are flush to the table and fold completely beneath the table out of the sonographer's way, eliminating potential obstruction.

Patient comfort is assured even during lengthy procedures with our new softer feel, Naugahyde® antimicrobial mattress cover, which also provides protection against bacteria.

Add options such as an Articulating Scanning Arm Board or Headrest Extension for easier thyroid and carotid access to configure the Echo Pro to fit your department needs.

Suitable Procedures:

Abdomen	Aorta	Thyroid
Breast	Carotid	Lower Extremity Arterial
Upper Extremity Arterial*	Renal Transplant	SMA
Stress Echo	Renal	Pelvis
Testicular	Musculoskeletal	Upper Extremity Venous*
Renal Artery	Abdominal Doppler	Echocardiography
Transesophageal Echo		

*Requires optional vascular arm board

All motorized tables are ETL product listed to the UL 60601-1 Medical Electrical Equipment Safety Standard. Ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning

Extra wide top with 500-lb patient capacity, suitable for bariatric patients

Cardiac drop-down cushion, allows release and return from either side of table

Industry's largest cardiac scanning cutout – 9.5" w x 15.75" l

Fowler positioning, 0-80 degrees, redesigned to accommodate natural body extension and sitting position without slide or shift

Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties

Motorized height, Fowler positioning, Trendelenburg and auto-level adjustment

Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria

Central floor-locking system maintains table stability

Durable hand controller

Allows seated or standing work positions

Dimensions:

- Overall: 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
- Cardiac Scanning Cutout: 9.5 w x 15.75 l (24.1 x 40 cm)
Drop-down cushion releases from either side of the table.
- Sonographer Cutout: 8" w x 14.75" l (20.3 x 37.4 cm) Adjustable sonographer cushion drops down or folds up for maximum access to the patient.

Motions:

- Height Adjustable: 23" to 39" (58.4 to 99 cm)
- Trendelenburg: 0° to ±15°
- Fowler Back: 0° to 80° infinitely adjustable

Controls:

- Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
- Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Two primary sections: torso section: features sonographer and patient cutouts with Fowler positioning, and lower body section remains fixed

Mattress: Torso section 2" (5 cm) thick, lower body section 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria

Upholstery Color: Graphite

Patient Restraints: Two body straps

Finish: Powder coat

Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.

Weight: 335 lb (152 kg)

Power: 115 VAC or 230 VAC

Warranty: Two-year

Optional Accessories

Foot Controller is ideal for when hands are busy with other functions

Redesigned side rails flush to table for unencumbered patient access

Articulating Scanning Arm Board, adjustable from 0 to 130 degrees

IV Pole easily attaches for quick convenience

Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.

Headrest extension drops down 15 degrees to allow for carotid and thyroid studies

All accessories available on VA FSS contract V797P4278B

Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2

No. 601.1-M90 and EN60601-1 standards.
